Accuplacer Placement Test Registration Form

Any student admitted into a program at Manchester Community College will be required to take placement tests in Reading, Writing, Mathematics and Computers. The goal of placement testing is to identify areas of strength and weakness so that appropriate course placements can be made for math and English, or for courses impacted by math, English, and reading competencies. Students who are not applying to a program are still encouraged to take the test to meet course prerequisites as well as maximize opportunities for success. (A faculty advisor prior to course selection and registration should review placement outcomes.) **See Accuplacer testing rules and conditions on reverse side.**

Manchester Community College's placement policy may be waived, in full or part, for those individuals who have met one or more of the following conditions.

1. Completed a computerized placement test (CBT) within the past three years at Manchester Community College or another accredited postsecondary institution.
2. Transferred to Manchester Community College a Math or English course from another accredited institution.
3. Students can retake all or part of the Accuplacer placement test after one (1) month with thorough review of the subject matter being tested. Students will be charged \$20.00 to retake the Accuplacer placement exam.

If you are a student with a disability and have documentation that supports the need for special assistance, please notify the Coordinator for Disability Services in the Center for Academic Planning and Support (CAPS).

Accuplacer can be started between the following times (the test takes approximately 2 hours to complete)

Monday – Thursday **8:30 a.m. to 3:30 p.m.**
